

MICROSCOPY AND MICROANALYSIS 2007

August 5-9, 2007

Directory Product Code List

Sponsored by:

International
Metallographic
Society
An Affiliate Society of ASM International®

“We Are The Eyes Of Science”

010	Accessories (miscellaneous)	280	Evaporators	580	Recirculators
020	Anti-Contamination Systems	290	Failure Analysis	590	Reference Materials/ Calibration Systems
030	Antistatic Devices	300	Field Emission Sources		Reference Standards
040	Atomic Force Microscopes	310	Filaments	591	Resharpener Services
050	Automated/Robotic Equipment	320	Filing Systems	600	Sample Preparation and Handling
060	Backscatter Detectors	330	Filters	601	Scalpel Dissecting Blades
070	Books	340	Fluorescence Microscopy	610	Scanning Electron Microscopes
080	Camera Systems	350	Focused Ion Beam Workstations	620	Scanning Probe Microscopes
090	Cell Culture Supplies	360	Image Analysis and Processing	630	Scanning Tunneling Microscopes
100	Chemicals	370	Image Printers	640	Scintillators
110	Chillers	380	Information Services	650	Screen Recoating
120	Cold Sputtering Equipment	390	Journals	660	SEM Accessories
130	Conferences & Meetings	400	Knives	670	SEM Service
140	Confocal Microscopes	410	Lab6 Sources	680	Service Laboratories
141	Consulting	420	Light Element Windows	690	Software
150	Courses / Workshops	430	Light Microscopes	700	Specimen Preparation
160	Critical Point Dryers	431	Liquid Handling Equipment	710	Spectrometers
170	Cryoequipment	440	Market Research	720	Stage Automation
171	Crystallographic Mapping	450	Metallography Equipment	730	Stereoscopic Viewing Systems
180	Data Recording Equipment	460	Microprobe Service	740	Supplies
190	Databases	470	Microprobes	750	TEM Accessories
191	Datasystems, Integrators Software	480	Microtome Repair Service	760	TEM Alignment Systems
200	Detectors	490	Microtomes	770	Thermal Video Printers
210	Diamond Knives	500	New and Used Equipment	780	Transmission Electron Microscopes
220	Diamond Wire Saws	510	Newsletters	790	Vacuum Equipment
230	Digital Archiving	520	Optical Filters	800	Vibration Isolation Systems
240	E Beam Lithography	530	Osmium Tetroxide	810	Video Systems
250	EDS or X Microanalysis System	531	Phase Identification	820	X-Ray Analysis Equipment
260	Electrical Characterization	540	Photography Supplies		
270	Electron Microprobe Automation Systems	550	Plasma Cleaners for TEM		
		560	Processing Equipment		
		570	Publishers
